RED CROSS NOTES

The committee from the Red Cross who had charge of the Rummage Sale on Saturday were successful in selling out their whole stock, which however was not large, as it was planned so hurriedly, many did not know of it.

They are arranging now to have another sale the first Saturday in April to which the entire town is asked to contribute.

The Red Cross is also planning to open a Tea Room if a suitable place can be found which it is expected will add to the treasury.

As American boys are now being wounded in France, our work will be double in demand while the war lasts and every woman in town is urged to help.

TO THE USERS OF GASOLINE

Existing conditions as to handling of gasoline and the small margin of profit allowed, forces us to adopt a plan of CASH ON DELIVERY FOR ALL GASOLINE.

As announced in the Commonwealth the above terms are effective from March 1, 1918.

We earnestly solicit the co-operation of the users of gasoline and request that you do not ask us to break our rule in your case as we will have to respectfully refuse to do so since these are the terms adopted by the gasoline dispensing stations of the town.

But, we propose, for your convenience and profit also, to sell for CASH coupon books of \$5.00 or more at 2 per cent discount. These coupons will be accepted at face value for gasoline or cylinder oil.

We appreciate the patronage with which you have so liberally favored us and ask the privilege of serving you in the future not only for your gasoline and cylinder oil, but also your hardware and farm implements.

Yours very truly,
Josey Hardware Co.
